Guiding Principles

- The **LPOC** is a report designed to display patient care coordination information across various settings.
- The primary purpose is to tell the patient's story in a way that supports **coordination of care, patient and family engagement, transparency, and continuity of care across the continuum.**

Content included in the LPOC:

- **Patient Complexity Score (PCS):** A risk stratification score (Tier 1-4) based on the patient's cumulative complexity.
- **Care Team:** A list of team members involved in a patient's care across the continuum.
- **Preferred Home/External/ Community Providers:** A list of home and community providers involved in a patient's care.
- **Wounds/Lines/Drains/Airways:** Patient's active or recently removed WLDAs (will only display if a patient has an active line). Need to go to **Chart Review** > then **WLDA** tab to see specific information on WLDAs.
- **Preferred Pharmacy:** Patient's preferred pharmacy(ies)
- **Allergies:** Patient's current Allergies/Contraindications
- **Outpatient, Clinic-Administered & Hospital Medications**
- **Social Determinants of Health:** Interactive graphic of SDOH, based on psychosocial screener
- **Care Coordination Note:** A tool for team members to record overarching information about the patient's treatment and care. The Care Coordination Note is NOT visible in the LPOC(Patient/Family view) or in MyChart.
- **Problems:** Patient's current health problems
- **Recent ED/Urgent Care Visits (last 3):** Last 3 CHCO ED/Urgent Care visits
- **Recent Admissions (last 3):** Last 3 CHCO hospital admissions (how long ago & location)
- **Recent Outpatient Visits:** Last 5 CHCO ambulatory visits
- **Recent Pt Outreach Encounters (last 3):** Last 3 outpatient visits
- **Advance Directives:** Identifies patient current Code Status on file. Go to Chart Review> search **Advance directives**
- **Asthma Action Plan Reviewed:** The date of the review of the most current asthma action plan
- **Goals:** Goals that have been created in collaboration with the patient/family (only displays if patient has goals)
- **Care Gaps:** This information pulls from the Health Maintenance Activity in Epic
- **Future Appointments:** CHCO scheduled appointments
- **Recent Visits:** Pt visits – face to face onsite visits to Children's Hospital Colorado departments
